

WASHINGTON STATE APPLE TRIVIA

WHERE IN AMERICA DO APPLES COME FROM?
Here's a fun way to learn about apples—and practice your
geography at the same time. Write the percent of apples
grown in each state on the correct part of the map.

Then answer the big question,
“Which state produces the most apples?”

Washington	60%
New York	9%
Michigan	9%
California	6%
Virginia	
W. Virginia	
Pennsylvania	7%
New England	4%
Connecticut, Massachusetts, Vermont, Maine, New Hampshire, Rhode Island
